

September 28, 2018

TO: Air Docket EPA-HQ-OAR-2018-0283

FROM: Karl Simon  
US EPA Office of Air and Radiation, OTAQ

SUBJECT: Meeting Summary

On September 20, 2018, representatives from the Dept. of Transportation, NHTSA, the Volpe Center, CEQ, EOP and EPA met with representatives of the California Air Resources Board. The subjects discussed were related to the EPA/NHTSA proposed rule to revise GHG and CAFÉ rules for model years 2021-2026 vehicles, including the supporting analysis and views on credit programs.
